Artículo 18. Determinación de la pensión alimentaria básica para cada alimentista

1. La pensión alimentaria básica se determina de conformidad con las instrucciones siguientes:

a) Cuando se esté computando la pensión alimentaria básica para un o una alimentista, la cantidad que se haya determinado de conformidad con lo establecido en el Artículo 17 de este Reglamento se multiplica por la proporción que le corresponde pagar a la persona no custodia según esta fue determinada en el Artículo 16 (2) de este Reglamento.

b) En los casos en los que se está computando pensiones básicas para dos o más alimentistas, la cantidad establecida para cada menor según lo establecido

en el Artículo 17 de este Reglamento se multiplica por la proporción que le corresponde pagar a la persona no custodia según esta fue determinada en el Artículo 16 (2) de este Reglamento. El producto que se obtenga para cada alimentista, se suma. El resultado es la pensión alimentaria básica total que la persona no custodia debe proveer para beneficio de los y las alimentistas.

c) En aquellos casos en los que el ingreso neto mensual combinado de las partes sea mayor a \$12,500.00; el juzgador o la juzgadora determinará una pensión alimentaria básica de acuerdo con los pasos siguientes:

1) Se computa la pensión alimentaria básica de conformidad con el último renglón de la tabla y lo establecido en el inciso (1) (a) o (1) (b) de este Artículo, según corresponda.

2) Determinada la pensión alimentaria básica, el juzgador o la juzgadora computará una partida correspondiente a la parte del ingreso neto mensual combinado que exceda de \$12,500.00. Para ello restará al ingreso neto mensual combinado la cantidad de \$12,500.00.

3) El resultado que se obtiene tras restar al ingreso neto mensual combinado la cantidad de \$12,500.00 se multiplica por 0.064. Ello es igual a la cantidad que ambas partes deben destinar para cubrir las necesidades del o de la alimentista o de los o de las alimentistas, con el ingreso neto mensual combinado que excede los \$12,500.00.
